Description

A Cabin Cruise type WA of Italian inspiration, this little-known brand stands out for its finish and elegance.

With its V-shaped hull offering excellent sea holding and 2 beautiful Mercury Verado 350hp, you can cruise at a speed of 30 knots with an almost vertiginous maximum announced at 47 knots, this 2023 unit has barely sailed (30 hours).

A beautiful unit of less than 10m with an outside wetbar (sink, fridge and ceramic hob) and a pretty outside saloon. The cabin has a kitchenette with fridge and storage space, a berth for 2 people and a beautiful saloon that converts into a double berth. With its small bathroom/shower, you're ready for some great trips out to sea or in the coves, with the option of spending the night there.
