beneteau Oceanis 58

110 000 € + VAT

Description

LOOKING FOR A QUICK SALE OPPORTUNITY, THIS OCEANIS 58 IS BASED IN ST MAARTEN AND IS FOR SALE AS-IS-WHERE-IS

The owner had a bad experience and hit a reef that caused damages to the Hull and Rudder.

After a personal inspection this morning and a discussion with the surveyor, it doesn't sound that bad, it can be easily repaired, it's all fiberglass, quite some labor but doable. She can be back in the water sailing shortly.

Value is around 350,000 euros, estimated repairs should not exceed 100-120 Thousand euros adding the purchase at 110 thousand euros make her an excellent opportunity. The seller misses energy and wants to move on and sell her to the first coming.

Photos were taken freshly showing damages. To be clear, the boat never sunk or had any water above the floors, She had 2 bilge pumps working, hardly by efficiency to make it to the safe port and haulout.

I was on the boat and all the mechanisms and batteries were intact.
