Makò 68

STRONG LINES, MAXIMUM LIVABILITY, SPEED AND EXTREME DRIVABILITY

Out of line decisive. Maximum livability inside. Extreme speed and drivability in the water. The special hull creates an exceptionally soft impact with the wave.

It stands out for its great handling qualities: it is capable of very tight turns with record-breaking stability.

Surprising agility that makes every mooring maneuver easy.

Other strengths: eight spacious forward-facing seats, a cockpit out of the ordinary in terms of space, functionality and self-awareness; the very comfortable side pockets; the 160-litre fuel tank under the walking surface; the predisposition for the electric winch for the anchor; the driver's seat with triple function.

- Cross-linked polypropylene fuel tank (160 litres) installed in accordance with the law under the walking surface and boarding on the side of the console (fuel probe excluded)
- Electrical panel
- Left transom platform in GRP with retractable climbing ladder
- Right transom platform in GRP
- 3 rows of seats for a total of 8 forward-facing seats
- Folding driver's sofa backrest with pantograph movement
- Driver's seat with semi-seated driving option
- Front anchor locker with side-opening door
- Rear locker for mooring accessories
