## Description

---

The 2021 26-meter (85-foot) long Numarine 26XP represents one of the best contemporary interpretations of sub-30-meter explorer yachts. This model stands out for its ability to combine luxury, functionality and efficiency, offering the same performance and robustness as the larger models, but with the versatility of being able to access shallower ports and bays.

Thanks to an excellent naval architecture, the 26XP guarantees safe and comfortable navigation, with a maximum speed of 14 knots and a cruising speed of 10 knots, ideal for both long journeys on the open sea and for more relaxed itineraries along the coast. Its efficient hull and build quality make it a sought-after choice for owners looking for reliability and high performance.

One of the highlights of the Numarine 26XP is the exceptionally large flybridge, which extends two-thirds of the length of the hull. This space, designed for relaxation and conviviality, houses dining areas, sundecks and a 5-meter tender area. The bow is also equipped with a dedicated lounge, perfect for enjoying a cocktail at sunset.

The large interior and exterior spaces guarantee guests an onboard experience marked by comfort and sociability, while details such as Wi-Fi, sauna and water sports equipment add a touch of exclusivity. The Numarine 26XP is an explorer yacht capable of transforming every cruise into an unforgettable experience.

### INTERIORS

The interior of the Numarine 26XP embodies the idea of refined and functional comfort. Designed with great attention to livability, they can
