custom line Navetta 33

13 000 000 € EX. VAT

Description

Discreet charm and seductive shapes, Navetta 33 follows a timeless aesthetic code, defined by a refined simplicity, class and elegance of those who know they will never go unnoticed.

33 meters long and 7.52 meters wide make the Navetta 33 a unique creation, which brings the dimension of dreams closer to that of navigation.

Navetta 33 is a semi-displacement yacht with a chic and essential aesthetic but which hides an important technological side. The hull with the bow bulb is a unique innovation on ships of this type and which guarantees seaworthiness and stability at the top of the category with a range of almost 2000 nautical miles.

Every space inside is a statement of character, perfect volumes on all guest cabins up to the wide body master suite forward of the main deck.

Custom Line's advanced technology guarantees stability and comfort in all conditions, a state-of-the-art ship that with the patented Dual Mode Transom system expands the use of the stern area to the maximum, expanding the play and living spaces.

The comfort of the Navetta 33 is absolute, both when sailing and during the stay at anchor or moored, guaranteed by the electro-hydraulic stabilizing fins with zero speed function and the two Seakeeper gyroscopic stabilizers.
