## Description

---

Sessa Marine C42 / F42 – Italian elegance, surprising space.

The Sessa Marine C42 and the Sessa Marine F42 represent two interpretations of the same philosophy: to experience the sea with freedom, style and total comfort. Two 13.10-metre yachts that share the same planing hull, the same sporty soul and the same Italian design, but with two distinct personalities: C42 coupé with hard-top and sporty look, F42 flybridge with extraordinarily large interior and exterior volumes for the category.

Many 42-foot boats offer good performance but reduced interior space or sacrificed decks. On the contrary, those who choose comfort often have to give up speed and handling. The result? A partial on-board experience, which does not reflect the needs of those who want a true Mediterranean cruiser.

A dimly lit layout, compact cabins and limited cockpits take away from the pleasure of sailing. The outdoor spaces soon become crowded, and the feeling of freedom gives way to compromise.

Sessa Marine overcomes the problem with two versions that cater to different sailing styles:

C42 – Coupé Line: sporty look with integrated hard-top, large side windows, convivial cockpit with central table and hydraulic bathing platform. Ideal for those who love clean lines and a dynamic profile.

F42 – Flybridge Line: surprisingly spacious for a 42-footer, with flybridges of the typical size of a 45-46 foot yacht. Sunbathing area, dining table, wet-bar and outdoor wheelhouse: a real terrace overlooking the sea.
