## Description

XBOAT ref :6226.AGOON 450 FLY

We purchased this catamaran new in 2015, providing us with over 10 years of pleasure on board. Seaworthy, comfortable, and very well-equipped, it has proven to be an ideal travel companion. Annual maintenance is carried out, and in 2021, we had the rigging inspected during a de-masting. In 2023, the hulls underwent aerograining followed by a preventive epoxy treatment. We also installed an AIS transceiver last year. All cockpit covers were replaced new in 2024 (complementing the existing micro-perforated covers), as was the 1700W Quick electric windlass. The trampolines were replaced in 2021, and the four black water tanks are treated each winter. A unique feature is the conversion of the starboard bow into a heads. Additional videos and photos available upon request.
