Description

This Motor Yacht from the Cranchi Shipyard is one of the masterpieces of Italian boating, with elegant and refined interiors.

The fly-bridge is equipped with a large lounge and a sunbathing area.

The aft swim platform is spacious and can be expanded, offering an outdoor shower and atmospheric lighting for the evening.

The side walkways, the fly and the stern platform are covered in teak.

With the aft hatch raised, you enter a large garage with an electric mechanism for the tender. The helm station is separate, with direct access to a small adjoining sitting room.

The Humpree system is also unsurpassed to ensure stability and ideal trim to the yacht both at sea and at anchor, with carbon fiber stabilizing fins, blade interceptor and electronic control unit for immediate and effective trim corrections.
