## Description

---

The Quarken 27 T-Top embodies the perfect blend of Scandinavian design, sporty performance, and premium comfort. With its 8.35 m length and twin-stepped hull, this boat delivers stable, precise, and enjoyable navigation, whether for coastal outings or day trips.

The cockpit and aft deck are designed for safety and conviviality: wide walkways, sliding aft bench, integrated bathing platform and ladder, practical storage, and self-draining surfaces. Every detail, from the GRP and 316 stainless steel materials to the tinted glass windscreen finish, reflects Nordic quality and meticulous craftsmanship.

At the front, the cabin features a double bed, LED lighting, an openable portlight, and USB outlets, with space for a toilet and freshwater supply – a true cocoon to extend your time on the water in complete comfort.

Powered by a Yamaha 300–350 hp outboard, the Quarken 27 T-Top reaches a top speed of ~44 kn while remaining efficient at cruising speed (~1.4–1.5 L per nautical mile). With a 300 L fuel tank, it provides autonomy and comfort for extended outings.

The electronics package includes dual Garmin 12" GPS/plotters, optional Garmin 18 HDR radar, an autopilot compatible with assisted steering, LED lighting, and a bow thruster, ensuring safety, precision, and ease of navigation.

Whether you seek performance, comfort, or style, the Quarken 27 T-Top transforms every outing into an unforgettable experience, perfect for sharing unique moments with family and friends.
