bayliner Fly cierra 2858

44 500 € ALL TAX INCLUDED

## Description

---

Moored in the port of Mandelieu-La Napoule, this Bayliner 2855 Fly is a rare opportunity on the market. This exceptional model combines elegance, volume, and comfort in a highly sought-after flybridge configuration. In excellent condition, it stands out for its modern design, impressive interior space, and high-quality layout—perfect for cruising along the French Riviera.

Measuring 8.5 meters in length and nearly 3 meters in beam, the Bayliner 2855 Fly offers generous living space while remaining easy to handle. Its flybridge—a true asset—features an elevated helm station and a convivial lounge area to relax and enjoy panoramic sea views, a privilege rarely found on a boat of this size. The spacious, well-designed cockpit invites relaxation and social moments, while the aft swim platform provides easy access to the water.

Inside, the atmosphere is both warm and bright. The main cabin, convertible dinette, and mid-cabin comfortably accommodate up to six guests. The galley is fully equipped with a refrigerator, sink, and cooking area, while the bathroom with shower and toilet completes this ideal layout for extended stays on board. Every detail has been designed to combine comfort, functionality, and elegance.

Powered by a MerCruiser V8 petrol engine, this Bayliner offers both power and smooth navigation. Its hull ensures excellent stability and a pleasant ride at sea, whether for coastal outings or longer cruises. The fuel and freshwater tanks provide solid autonomy, while the shallow draft makes it easy to explore coves and anchorages around the Riviera.
