

SALE PRE OWNED

tuccoli marine T210 vm

73 000 € ALL TAX INCLUDED

Description

A plank designed to help you with fishing

The outboard engine (with installable powers between 150 and 250 horsepower) has undoubted advantages. Cheaper to buy with the same horsepower, it is easier to install, maintain and in case you decide to change it. Prepared for the Minn Kota trolling engine which, thanks to an internal design solution, you can leave on board fixed indoors inside the bow locker and monitored remotely.

Complete the helm station with the seat that is most useful to you. You can choose the VM Seat: a comfortable bench for 4 adults, with a storage unit that can be divided into compartments and an insulated fish tank. The Gourmet Seat allows driving with a lumbar rest and includes a sink and stove to cook a superb dinner with fresh catch.

By choosing the Leaning Post you have an integrated backrest, storage compartment and worktop, plus, as an option, a sliding fridge under the seat to keep food and drinks ice-cold. To toast with partners and friends and to keep everything that needs to remain at a controlled temperature cool.
