Antema 200 – steel displacement shuttle of 22 meters overall (20.40 m homologation), built according to northern European standards. Yacht designed for long-range sailing, with great autonomy, high comfort and optimized running costs.

Antema 200 Strengths

1. Northern European construction

Steel hull according to Dutch standards

Robustness, reliability and structural longevity

2. Long range displacement philosophy

Economical and comfortable sailing

Ideal for extended cruises

Great autonomy compared to planing planes of the same size

3. Comfort and safety at sea

Superior seaworthiness

Low roll (stabilization often expected)

Quiet running

4. Rational layout

Important volumes for the 22 m category

Separate crew/owner rooms

Interiors designed for real navigation, not just a port

5. Homologation 20.40 m

Regulatory and management advantage
