## Description

---

XBOAT ref :6239.FAIRLINE 50

I am a professional sailor, and I have been navigating this Fairline 50 for over 10 years. Its strengths: a particularly low operating cost compared to similar boats. The TAMD engines are easy to access, very frugal in consumption (30l/h for both engines at 16 knots), and lightly taxed. Another notable point, the habitability is excellent. Almost the entire width of the hull is used, and the cabins are of generous size, not to mention the kitchen, with unparalleled dimensions. Some cosmetic work is to be expected, such as the exterior upholstery or the painting of the cabin walls; an opportunity for the future owner to customize the boat to their image!
