Description

The Cabo 38 Express is a popular mid-size sport fishing boat, known for its excellent performance, particularly its speed and maneuverability, as well as its comfortable and well-designed cockpit.

It is often considered a great option for anglers looking to upgrade from smaller vessels or downsize from larger ones. The 38 Express is known for its speed, with the ability to reach up to 37 knots with CAT C12 engines.

It also offers a smooth and dry ride thanks to its precise weight distribution and the hull design by Michael Peters Yacht Design. The Cabo 38 Express is built with a robust monocoque hull and deck structure, contributing to its smooth and quiet ride as well as its overall durability. The 17-degree deadrise angle, combined with its beam, makes the boat more stable at rest and while trolling or at anchor compared to boats with deeper V-hulls. A great choice for experienced fishermen. Available from the end of July 2026.
