

SALE PRE OWNED

essex Essex bowrider fury 25

24 998 € ALL TAX INCLUDED

Description

The Essex Bowrider Fury 25 is ideal for recreational activities such as water skiing, wakeboarding, cruising and relaxing trips on lakes or coastal waters.

The boat hull is designed to remain stable even at high speeds and in rougher waters. The deep V-hull ensures a comfortable ride and precise handling.

Very fast stepped hull!

Motor with drive Bravo One!

And, of course, an open exhaust system, but which can be directed into the water through removable arches so that it is no longer so loud when desired.

The boat has all kinds of instruments from Livorsi and a good 2-lever remote control.

The special thing about the boat, in addition to the powerful engine and the driving characteristics, is certainly the layout with a spacious bow for sitting or lying and covered seating in the middle of the boat.

The boat is offered without a trailer.

The very good and suitable Ami trailer (of course with German registration and papers) with disc brakes with a permissible Total weight of 2700kg, first registration 2006 with TÜV 09/2023 (will be redone before) can be bought for 3,500 €.

On offer at Michael Schmidt & Partner. Detailed questions are welcome.

Staging and technical:

2 Batteries (neu 12/2023), 4 Directional Spotlight (abnehmbar in der Front des Bootes).
