Description

Lagoon 51: Sailing towards new horizons...

The new model with an amazing layout and durable solutions.

ATTRACTIVE FLYBRIDGE

The flybridge has been optimized to take up 80% of the roof with two large sunshades in front of the steering station and a huge C-shaped seating area. The central table can be lowered to create an XL sunbathing area. Thanks to the comfortable sofas, you can welcome your guests to enjoy relaxing moments with the captain at the helm of the Lagoon 51. Thanks to the modular seats, you can enjoy navigating the boat alone or with others. Two staircases lead to the flybridge, one for the helmsman and one for guests. This dual access provides a great flowing connection between the living areas of the boat.

This cozy spot is appreciated at anchor but also when sailing. Full headroom in the flybridge allows for safe use while underway.

Maneuvers are within easy reach from steering station, while guests can walk around without disturbing the helmsman. The flybridge of the Lagoon 51 is innovative in its modularity of spaces, smart ergonomics and the coziness of this great living space.

EXTENSIVE SWIM PLATFORMS FOR EFFORTLESS ACCESSIBILITY

Step aboard the Lagoon 51 effortlessly thanks to the large and wide swim platforms. This feature provides safe and convenient access to the harbor side. Combined with the Tenderlift, this means a super-sized balcony on the sea. When docking, this large swim platform invites you to swim and relax with your feet in the water! For easy circulation on board, there are only two very small steps between the cockpit and the
