lagoon 43

PRICE UPON REQUEST

Description

The Lagoon 43 is the promise of unforgettable moments at sea! Whether you sail as a couple, with family or with friends, this versatile catamaran will win you over. Designed and developed to be adaptable, by nature!

For this new model, Lagoon has redesigned access to the catamaran by creating an additional aft entrance for each hull. This innovative solution facilitates movement between the boat and the dock and combines comfort and safety to promote well-being on board.

With its unique distinctive design, the new entrance is perfectly integrated into the lines of the catamaran.

The Lagoon 43's new hull shape features generous interior volumes - as well as larger berths, with larger dimensions in each cabin - and offers unprecedented living space for her category.

In the owner's cabin, a large forward berth with its own toilet and shower aft provides more living space, undisturbed by engine noise.

This layout is similar to that aboard much larger yachts.

Lagoon has reshaped life on board by presenting a versatile boat with modular boundaries, an advancement that allows you to transform the space as you wish, connecting the interior and exterior, the salon and the cockpit.

Create numerous arrangements quickly and easily, with a dining table that seats up to twelve people, creating an inviting new living space to gather and share a moment with family or friends.

What is your dream destination? You'll find it with the Lagoon 43!
