## Description

---

Step aboard this young-used Lagoon 46 from 2023 – a perfect balance between space, comfort and sailing performance. This three-cabin version features stylish, modern interiors and generous outdoor spaces that invite you to relax, lounge and enjoy the outdoors.

### Highlights:

Comes from the first owner, has been maintained with care. In January 2025, both engines were serviced for the first 250 hours and the underwater hull was fitted with new antifouling for saltwater.

Equipped with valuable upgrades. This catamaran is completely self-sufficient and fully equipped to live and sail comfortably. The set-up of the energy supply on board is unique and offers the same comfort as at home with 22Kwh lithium batteries and 8 solar panels. All equipment including air conditioning, water maker and washer/dryer work over the batteries instead of the generator. This way, you won't have any noise nuisance from the generator.

Spacious saloon with panoramic views and contemporary finishes  
Three luxury cabins, each with its own bathroom – ultimate comfort for longer trips

The spacious owner's cabin covers one complete hull. Space, luxury and comfort.

Spacious cockpit, flybridge and extra-large bimini fully closable with canvas and a sundeck – great places for convivial moments on board  
Fold-out tender lift.

Ready to go? This catamaran is available immediately!

This Lagoon 46 is more than a catamaran. It is a sailing holiday home
