Description

Lagoon 40 (2018) – Contemporary Catamaran with Comfort, Space and Freedom

Step aboard this 2018 Lagoon 40 and experience what freedom on the water really means. With its modern lines, wide deck and generous living spaces, this is a catamaran that invites you to relaxed travel, carefree cruising and comfortable living on board. This version is the popular owner's version, with three cabins, one of which is fully hulled exclusively for the owner.

The spacious owner's cabin occupies the entire port side of the ship and offers an oasis of calm, with a large bed, plenty of closet space, a sitting area or desk, and a private bathroom with separate shower. On the starboard side there are two full-sized guest cabins with shared bathrooms – ideal for friends or family. Thanks to the large windows and the smart layout, the interior is light, airy and surprisingly spacious.

The saloon and galley form the heart of the ship, with a modern open kitchen, a cozy dining area and all-round sea views. Outside, you can enjoy a large cockpit with dining table, a raised helm station with a good overview and a sundeck on the foredeck – all designed for the ultimate outdoor living.

Equipped with modern upgrades (2024):

New AIS transponder for safe and visible boating

New gel batteries for reliable energy storage

Four solar panels on the roof for autonomous power supply

WiFi installation on board, ideal for work or relaxation
