### EUROPEAN YACHT OF THE YEAR 2026 NOMINATION

Jeanneau is proud to announce that the Sun Odyssey 415 has been nominated for European Yacht of the Year 2026.

This confirmation confirms that this new sailboat, which had its world premiere at the Cannes boat show, is already a success!

With its elegant lines and timeless design, the Sun Odyssey 415 offers a unique combination of functionality, comfort and reliability. She has adopted the proven hull of the Sun Odyssey 410, which is further distinguished by an inverted bow that is free of the water, a continuous, well-defined hull kink and two rudders for precise steering and complete peace of mind.

Its bright, inviting interior is designed for a true sailing experience. An L-shaped galley, an inviting saloon, smart storage and thoughtfully designed living spaces create a natural, authentic environment to enjoy every moment at sea.

Our stock model is a two-cabin version, equipped with a short keel. This makes it 1.60 meters deep. Inside you will find one wet room, so that the bed in the front is placed straight in the cabin. Furnishing it with two cabins creates a huge space to store all the sailing materials.

This model is in stock and still available!

Staging and technical:

Anchor (Delta anker 20kg met 32 meter ketting en 45 ankerlijn),
