## Description

This beautiful Riva Bahamas 58 #6 3 cabins plus sailor is in excellent condition, to be seen.

Heir to the Black Corsair, the Riva Bahamas is an elegant fast commuter with a profile characterized by taut and traditional lines that highlight its muscular and gritty character. This is the first project managed entirely by the attractive Mauro Micheli and represents the most successful model in the new Riva generation.

This beautiful Riva Bahamas 58 #6 3 cabins plus sailor (a model that was built in only 19 units between 1992 and 1998 and for the most part with 2 cabins) is a boat with a very interesting history.

The first Owner wanted the interiors to her personal design (something that the Riva Shipyard does not normally grant to customers) and chose both the interior layout and the colors of the furnishings and upholstery, the Lady was endowed with great taste and personality as well as the heir and owner of the multinational MAN and the richest woman in Germany; MAN was and is also the supplier of the engines of the Riva Shipyard.

He used it in Greece until 2005, where he lived in a villa on his private island, for his Bahamas he had a hangar built on the sea where it could be easily launched and winged in a few minutes, so the boat remained in the water only the time necessary for navigation.

The second owner, a well-known Italian financier, bought it in 2006 to use it in the waters of the French Riviera.

The third Owner used it for a short period (2015-2019) and occasionally due to health problems.
