Description

The best refit done in the world on the Bertram 31, perfect condition, VW 350hp diesel engines

No other boat has had such a profound influence on the design of motorboats as the Bertram 31 did. The first boat model to use a deep V hull, it is probably the most famous fiberglass boat ever built, the 31 Bertram has achieved is a status symbol and has infected boaters all over the world. Designed by Ray Hunt and built by Richard Bertram, the 31 has been in production for 25 years. The Bertram 31 launched the Bertram Yacht shipyard, was presented at the 1961 New York National Boat Show, essentially as a day boat for Florida's sport fishermen. More than three decades later, it is now a collector's classic, sought-after, even coveted. According to Soundings, enthusiasts call it "Bertram Art." The Bertram 31 has aged well, its lines are still wonderful and the construction indestructible.

The best refit done in the world on the Bertram 31, perfect conditions, below is the list of the work carried out:

2011: Total and obsessive refit, complete exterior painting, all redone, new 350hp diesel engines

2020: gelcoat side painting, solid teak transom (30 coats of paint), dinette floor in polished teak, interior upholstery in bleached oak, exterior upholstery in sky, carpet to protect the teak, new electrical system, new Fusion bluetooth stereo, new induction hob, new fridge, new blue underwater light, bathroom with shower and toilet, engines landed and accurate servicing performed, electronic throttle

2021: beige leather interior upholstery, new Raymarine Echo
