Description

The Riva Iseo is the entry level of the Riva fleet. This motorboat is inspired by the classic wooden runabouts that have made the history of the shipyard. The name is a tribute as well as a praise to the lake that welcomed the Riva family more than a century ago.

Iseo is designed to be suitable for the lake, for day trips at sea and as a tender. Its lines are soft and clean and the reference to the past is also given through the use of fine materials such as the varnished mahogany deck.

This boat, launched in 2020, is in excellent general condition as it has only been used at the lake.

The boat is perfect, as good as new in every detail.

The elegant integrated teak platform allows easy access to the aft sundeck. The cockpit, protected by an electro-hydraulic bimini, is characterized by a sofa placed for floors that overlooks 2 single seats placed along their respective bulwarks and facing the stern. Behind these, there are as many that act as a seat for pilot and co-pilot. The forward area of the mahogany deck is used as a locker.
