

SALE PRE OWNED

baia 70 italia

PRICE UPON REQUEST

Description

The Baia 70 Italia is an elegant Kevlar coupé with high performance. The boat is characterized by the large glass windshield that merges with the protective roof of the main deck.

A further identifying aspect is the absence of encumbrance and interruptions of the cockpit, which can become a single environment to be lived in the open air or, by closing the aft panoramic window, you can take advantage of the comfort of a protected and air-conditioned environment.

In addition, the large side windows and the opening ceiling give light, space and air to the dinette.

This boat was built in 2007 but is in excellent general condition thanks to a refit carried out in 2024/2025. In fact, several works have been carried out including:

- cockpit furniture painting
- New dinette TV cabinet
- overhauled air conditioning
- new flaps
- new icemaker
- non-slip platform
- new bow thruster
- new electrical system

The engines were unloaded, totally overhauled, serviced and brought to 0 hours. In addition, the Arneson broadcast was also the one serviced in 2025.

RINA done in May 2025.
