Description

The new Pardo 43 expresses its soul from the first glance. The new large hull windows amplify the interior brightness and give the profile greater lightness. The reverse bow, a distinctive feature of the model, is accompanied by a sleeker and more decisive sheerline, which makes the silhouette dynamic and powerful. The redesigned carbon T-Top integrates harmoniously into the windshield, ensuring protection and visual continuity, while the elongated sundeck recalls the profile of a supercar. Every line, every corner has been designed to combine Italian elegance and sporty grit. Whether sailing or at anchor, the Pardo 43 catches the eye and establishes itself as a true icon of Made in Italy.
