yyachts Y9

7 900 000 € ALL TAX INCLUDED

## Description

The Y9 Bella is a 27.4-meter sailing yacht launched in 2022 by YYachts, built in carbon to ensure efficiency, performance and comfort on board. The 2.7–3.9 m telescopic keel, two Volvo D3–220 engines and comprehensive hydraulics ensure easy handling and a versatile draft suitable for both sailing and access to sheltered bays.

The deck features an Axxon carbon rig, hydraulic furling systems and B&G H5000 instrumentation with Nemesis display. On board there is a 100,000 BTU air conditioning unit, Schenker ZEN 150 watermaker, Fischer Panda 25i PMS generator and 30 solar panels integrated on the bimini for greater autonomy.

The interiors include three guest cabins with en-suite bathrooms and two crew cabins, arranged around a bright saloon with a contemporary design. The kitchen is fully equipped with Miele appliances and steel cooling. Natural teak on deck and a large cockpit encourage outdoor living, complemented by a Besenzoni hydraulic gangway and a 4.25 m tender.

### Key Points

2022 carbon construction

Telescopic keel 2.7–3.9 m

2 × Volvo D3–220

Axxon carbon mast and boom, hydraulic sail management

B&G H5000 + Nemesis Electronics
