1 090 000 € ALL TAX INCLUDED

Description

SESSA C68 CRUISER 2017 – SEAKEEPER 9 – VOLVO IPS – LOW HOURS – TURNKEY CONDITION This Sessa C68 Cruiser for sale is an outstanding example of Italian yacht design, combining sleek sport-cruiser lines with refined luxury and proven offshore performance. Built by Sessa Marine, this 68-foot motor yacht offers an exceptional balance between comfort, stability, and driving pleasure, making her a highly sought-after model on the European pre-owned yacht market. Equipped with Volvo Penta IPS D13-1200 engines, delivering a total output of 1,800 HP, this Sessa C68 provides smooth handling, excellent fuel efficiency, and precise maneuverability, enhanced by joystick control and IPS propulsion. With only 460 engine hours, she represents a rare opportunity for buyers looking for a low-hours luxury motor yacht in turnkey condition. A key highlight of this yacht is the presence of a Seakeeper 9 gyro stabilizer, significantly reducing roll both at anchor and underway, ensuring superior comfort even in rough sea conditions. In recent months, the yacht has undergone extensive upgrades and preventive maintenance, including a new generator installed in 2024, new underwater lights, renewed bow thruster blades, new hydraulic platform lines, new onboard televisions, and a new water pressure pump, reinforcing her reliability and long-term value. These updates make this Sessa C68 a ready-to-use yacht, ideal for immediate cruising without additional investment. The interior features a well-balanced three-cabin layout, offering generous volumes, natural light, and high-quality finishes throughout. Designed for comfortable owner cruising and guest entertainment, the yacht can accommodate up to 14 guests
