saxdor 320 gto

149 000 € EX. VAT

Description

The Saxdor 320 GTO is the perfect balance of Italian design, American functionality, German quality and a French-style price. Equipped with a T-top and walk-around side walkways, it offers a refined design, powerful performance with outboard engines and an efficient and economical hull when sailing. All three versions (GTO, GTC and GT) share these distinctive features. The configuration with a single 300hp Mercury V8 engine allows it to reach a maximum speed of 40 knots, with a comfortable cruise around 30 knots. With two 300hp engines, on the other hand, the Saxdor 320 easily exceeds 50 knots, maintaining an optimal speed between 20 and 40 knots. The sundeck extended to the bow and the dinette that converts into a relaxation area offer ample space to lie down and enjoy the sun. In addition, with a simple gesture, the folding backrest transforms the front seats into comfortable benches facing forward to welcome guests. Contact us for more details.
