saxdor 320 gtc

163 000 € EX. VAT

Description

The Saxdor 320 GTC shares the same refined, efficient and performance-oriented hull design as the 320 GTO model. A low center of gravity, low weight, sharp bow and double-step, vacuum-infused hull create a unique driving experience in all types of seas and weather conditions, all over the world. The Saxdor 320 GTC is available with three Mercury powertrain options, ranging from 300 hp to 600 hp. You can choose the single-engine option, or the twin-engine option with 2 x 225 hp or 2 x 300 hp, the true "Grand Turismo of the sea". The Saxdor 320 GTC redefines the on-board experience of movement. Thanks to its unique concept of a spacious full-beam wheelhouse and easy access to the walk-around bow, getting around by boat has never been easier. Saxdor believes in the luxury of unused space. Contact us for every detail.
