

SALE PRE OWNED

cantieri estensi 360 goldstar

175 000 € ALL TAX INCLUDED

Description

The Goldstar 360 Classic takes its cue from traditional American lobster boats. The project is signed by Studio Zuccheri of Bologna and is characterized by the very accentuated saddle and the excellent hull designed for both planing and displacement gaits. A lot of attention has also been paid to the interior, with attention to the smallest details and the space has been exploited to the fullest in an intelligent way. The validity of the project is demonstrated by the more than 40 examples built.

The model in question belongs to the classic configuration, i.e. without flybridge.

The boat is in good general condition.

The left engine was installed new in 2021 while the right one was landed, totally overhauled and brought to 0 hours.

Full optional boat.

More information available on request
