Description

The Amel Super Maramu Redline (or Super Maramu 2000 Redline Edition) is a special version of the famous ocean cruising yacht Amel Super Maramu, designed to offer comfort, safety and ease of handling even alone, with enhanced electrical systems, fully covered cockpit, and luxury details such as air conditioning and generators, ideal for long sailings and life on board, combining robustness and modern technology.

In particular, this model, equipped with the important Amel Comfort Package, is extremely interesting having sailed only in the Mediterranean: engine (2335 hours), generator (635 hours) and watermaker (65 hours) have a very limited number of hours of operation. The maintenance has always been accurate and in general the boat is very cool having not suffered the stresses of long navigations.

THE PRICE DOES NOT INCLUDE COMMISSIONS
