Description

New Beneteau First 30 (2025) – The First "Planing Cruiser" to Be Custom-Configured

Get on board the revolution. The new Beneteau First 30 is not just a boat, it is the birth of a new category: the Planing Cruiser. Born from the collaboration with Seascope and the pencil of the genius Sam Manuard, this boat offers the adrenaline of easy gliding combined with unexpected cruising comfort for a 30-footer.

This is your chance to order a new example from the catalog, built exactly according to your wishes.

Why choose First 30:

- Total Configuration: The boat is new to order from the catalog. You will have maximum freedom of choice on equipment, engine, electronics, fabrics and options. Don't settle for a boat ready for delivery – build your own.
- Visible on Lake Garda: Do you want to touch the build quality and spaces before ordering? It is possible to view a twin example (the "sister ship" visible in the video and in the published photos) directly on Lake Garda by appointment.
- An international success: The First 30 has been an extraordinary success among enthusiasts all over the world. Due to the high demand, the current delivery time is estimated at around 10-12 months. We recommend blocking your production slot as soon as possible to better plan for the next season.

Technical details (provisional):

Naval Architect: Sam Manuard (Seascope Design team)
