Description

VEYA 53:

Originally unveiled under the name CODE 07 at the Cannes Yachting Festival 2024, the VEYA 53 is far more than a power catamaran: it represents a new vision of life at sea. Born from the union of the visionary design of Fountaine Pajot and the artisanal precision of Couach, the VEYA 53 embodies a new generation of exceptional power catamarans, combining power, elegance and innovation.

A sculpted design to captivate

Every line of the VEYA 53 tells a story of mastery and refinement. Its modern, dynamic silhouette, designed by Couach, reflects unique expertise in luxury yacht design. Volumes are perfectly balanced, spaces are open to the sea, and finishes are refined.

Redesigned living spaces

On board, everything is designed for absolute comfort: a bright saloon bathed in natural light, a generously proportioned panoramic flybridge, cabins with hotel-level standards, and smooth circulation between the different areas. The VEYA 53 delivers a cruising experience worthy of the world's finest yachts, in a format optimised for freedom.

An exceptional cruising experience

Thanks to its multihull hull design by Fountaine Pajot, the VEYA 53 offers stable, smooth and quiet navigation. Its powerful engines provide speed, range and responsiveness, whether for Mediterranean cruising, longer passages or effortless harbour manoeuvres.

French luxury at its finest

The VEYA 53 represents a new generation of power catamarans:
