## Description

---

The Fountaine Pajot Thíra 80 is an exceptional luxury sailing catamaran, serving as the flagship yacht in the French builder's sailing range. Measuring nearly 24 meters in length with an 11 meter beam, it blends refined design, generous living space and advanced technology to deliver an outstanding sailing experience. Its exterior features elegant lines, large panoramic windows and volumes comparable to those of superyachts.

Inside, layouts are designed for comfort and privacy, accommodating a luxurious owner's suite, VIP cabins, and guest cabins with private bathrooms. Depending on configuration, the Thíra 80 can offer up to 5–7 cabins, each fitted with high-end finishes. The interiors include wood, leather and spa-like bathrooms, emphasizing comfort and elegance. Thanks to its optimized hull and sail plan, the Thíra 80 is both performant under sail and capable of long-distance cruising, while providing spaces that elevate life onboard to a superyacht-like standard.

In essence, the Thíra 80 is crafted for those who seek space, refinement and unique sailing moments — ideal for long voyages, luxury cruising or exclusive adventures at sea.
