

SALE PRE OWNED

offshorer marine Montecarlo 30

45 000 € ALL TAX INCLUDED

Description

MonteCarlo Offshorer is the latest project born from the brilliant mind of Carlo Riva. This high-performance boat is still considered today as one of the most elegant ever built with the hull and waterlines considered to be the best ever designed and which allow great maneuverability, seaworthiness and very high speeds even in rough seas.

This boat, in the version with a two-seater bridge, is original as it has been preserved and never restored.

The livery with the hull colors are the original ones and the gelcoat also has the first paint.

The boat is in good general condition thanks to the various interventions carried out including:

- replacement of original engines with Mercruiser V8 350hp
- BPM replaceable V-drives
- 2025 engine service

More info available on request.
