

SALE PRE OWNED

riva Saint tropez

65 000 € ALL TAX INCLUDED

Description

The Riva St. Tropez was born in 1976, derives from the Riva 2000 project and was produced until 1987 for a total of 316 units.

The boat is in its original shape and in a good state of conservation.

This example has an important pedigree as it had an illustrious person as its first owner.

For many years it has been used only in fresh water and, during the winter season, it is always stored indoors.

The original Thermo Electron engines have been regularly serviced.
