235 000 € ALL TAX INCLUDED

Description

At less than 10 meters long, this Sealine C330 offers something that many larger boats do not: two separate, comfortable, and bright cabins. On board, you will find everything you need to enjoy the sea without limits: a 220V generator for total autonomy, a bow thruster for easy maneuvering even in port, and an enlarged stern platform in synthetic teak that provides extra space to enjoy in the sun. With a closed dinette, hot/cold air conditioning, a full kitchen, and a hydraulic gangway, it is the right choice for families or couples looking for comfort, privacy, and freedom.
