beneteau Flyer 9 space deck

149 000 € ALL TAX INCLUDED

Description

Beneteau Flyer 9 SpaceDeck 2023: The quality you are looking for, at the opportunity you have been waiting for.

Are you looking for a boat that combines the economic advantage of used boats with the absolute peace of mind of new ones? This Beneteau Flyer 9 SpaceDeck is the opportunity you've been waiting for. It is a very recent used boat, in impeccable condition, which has little to envy to a boat that has just left the shipyard. He has sailed exclusively in fresh water and has very few hours of motion. To complete this offer there is the warranty: the boat is still covered by the original manufacturer's warranty, active both on the hull and on the engines.

Another added value? The dual motorization. This configuration not only offers power, but radically transforms the browsing experience:

- Total Safety: Having two motors means redundancy. At sea, the peace of mind of knowing that you can always return to port, even in the event of a failure of one of the two engines, is priceless.

- Exceptional Maneuverability: Mooring a 9-meter becomes simple and intuitive. The differentiated management of the motors allows millimetric rotations and displacements, making it easy to manoeuvre even in confined spaces or with crosswinds.

- Stability and Comfort: The sailing trim is more balanced, offering superior seaworthiness and high on-board comfort for you and your guests.

A Beneteau "ready to sail" that combines sportiness, space and maximum safety.
