## Description

---

The WP 47' offers a large, spacious and well-protected deck area that includes the navigation console and the convivial cockpit. The central living area is equipped with a large hard top and a dining table with comfortable seating for six to eight guests. The bow and stern areas are equipped with sundecks, while the hydraulically operated swim ladder is elegantly integrated into the transom. The wide teak deck is free from obstacles, ensuring safety and comfort. The interior spaces include a spacious owner's cabin in the bow, with a full-width double bed, and a single cabin on the starboard side. The interiors, sober and elegant, include a fully equipped kitchen and a bathroom with sink, toilet and shower. The design combines the use of carbon fiber with natural teak, cabinets and ceilings painted in white, creating a bright and contemporary environment. The two 435 hp Volvo Penta IPS 600 diesel engines (from 2022) allow a cruising speed of over 30 knots, with low fuel consumption. Following a major refit carried out in 2022, the yacht has been kept in impeccable condition, with continuous updates and annual upgrades carried out following the highest quality standards.
