The Antares 7 has been designed with your maximum comfort on board in mind. The cockpit is spacious and incredibly bright, perfect for enjoying every moment of the day at sea. Inside, the cabin is cleverly organized: the large panoramic windows flood the interior with natural light and offer stunning views, while the cozy sleeping area can comfortably accommodate two people, making it perfect for your short cruises. There is also a compact kitchen and a small bathroom, details that transform the Antares 7 into a versatile solution for outings of one or more days.

The deck design maximizes space, providing ample surfaces for fishing or pure relaxation. Getting around on board is a pleasure, thanks to the well-designed side passages that make access to the foredeck easy and safe. And on the hottest days?
