Description

Year 2025 – demonstration boat, excellent condition
Boat from 2025, from a brand known for its excellent visibility when sailing and great ease of handling. Approved for 7 people, it can be driven without a boat license, ideal even for those who are just starting out but want a safe and intuitive boat.

It is a demonstration boat, used exclusively for customer trials in fresh water on Lake Garda, without prolonged stays in the water.

The engine has only 8 hours of operation, a practically negligible use. Extremely economical engine, with cruising speed around 9 knots and very low fuel consumption, perfect for relaxed outings and carefree days at sea.

The boat has always been dry-housed, covered with protective cover included, maintained with great care and in neat and clean condition. The hull and interior do not present any surprises, bumps or work to be done: a boat ready for use.

In summary:

A simple, reliable and honest solution, ideal for those looking for a boat without a license, with very low running costs and practically like new.

Every effort has been made to ensure that the published data, including photographs and descriptions, of this boat is accurate. However, Bellandi SRL cannot be held responsible for any involuntary errors or omissions. This information does not constitute a contractual commitment and we encourage customers to check the details at our premises or contact us for further clarification.
