atlantis Atlantis 54 ht

289 000 € EX. VAT

Description

The Azimut Atlantis 54 HT is a thoroughbred sports open that masterfully blends high performance and timeless Italian design, distinguishing itself for its deep V hull capable of offering soft and precise navigation even in rough seas. This unit is equipped with the powerful and reliable Volvo Penta D12-800 engine of 800 hp each, a shaft line propulsion that ensures a maximum speed of about 34-35 knots and a comfortable and efficient cruise at 27 knots, making it ideal for medium and long-range crossings. The beating heart of livability is the generous cockpit protected by the electrically operated Hard Top, which transforms the living area into an en plein air saloon complete with wet-bar, large C-shaped dinette and a monumental aft sundeck, below which there is a practical garage for the tender. Below deck, the boat surprises with its volumes and finishes, offering a layout with 3 cabins and 2 bathrooms (owner's in the bow and two twin guests amidships) as well as a fully equipped galley and an internal dinette flooded with natural light. The technical profile is completed by high-level equipment such as the oversized generator, air conditioning in all rooms, the retractable hydraulic gangway and the bow thruster. An example that represents the perfect balance between the aggressiveness of an open and the comfort of a luxury yacht, maintained with high standards and ready to give pure emotions to its future owners.

Navigation equipment:

Electronic engine control, Chain counter, GPS (Raymarine e120), Yacht controller.
