

SALE NEW

yyachts Y7

PRICE UPON REQUEST

Description

The new Y7 has been developed in collaboration with judel/vrolijk & co to offer a light, stable and easily handled yacht, suitable for sailing with a small crew. The flush deck, redesigned cockpit and control lines led aft to the helms support intuitive operation and ensure clear deck organization.

Below deck, the layout has been refined with a dedicated technical room, an enlarged owner's cabin and several modular configurations that allow the interior to be tailored to individual requirements. The interior concept, created by the Yyachts Design Team with David Thulstrup, is available in four distinctive atmospheres – Milano, Baltic, Glacier and Sugi Ban – characterised by natural materials and balanced palettes.

The result is a contemporary 70-footer with clean volumes and reduced onboard complexity, offering high build quality and efficient use of space.
