The ADRIA SAIL 50 ALIAS is far more than a sailing yacht: she is a true one-off, born from the collaboration of the finest names in Italian yacht design: Nauta Design for concept and interiors, Biscontini Yacht Design for naval architecture, and Gurit-SP Technologies for structural engineering. Built using vinylester resin infusion with carbon reinforcements, she combines lightness, strength and genuine offshore performance.

Her powerful hull with twin rudders, generous sail plan with Hall Spars carbon mast, and a deck layout designed for short-handed sailing make her a true Fast Cruiser — responsive, rewarding and perfectly suited to the most demanding Owners. The interiors, bright and refined in natural oak, provide authentic comfort for long distance cruising. Main equipment: watermaker, 3Di sails, B&G electronics with autopilot, three electric winches, natural oak interiors with three double cabins, two bathrooms with shower booths and electric toilets, double refrigerator plus freezer, oven, TV in saloon.
