Description

FIART GENIUS 32 – 2000 | Twin Volvo Penta AQAD 41 engines – 200 HP
We are pleased to present this 2000 Fiart Genius 32, appreciated for its elegant Italian design and particularly well-optimized onboard spaces. A true compromise between sportiness and cruising comfort, she features a spacious and convivial cockpit fitted with a custom table including integrated cup holders. The interior offers a comfortable double cabin, an additional berth compartment, a fully equipped galley, and a welcoming saloon, allowing for enjoyable stays on board. Powered by twin Volvo Penta AQAD 41 engines delivering 200 HP each, well known for their reliability, the boat provides reassuring performance and an excellent balance between comfort and efficiency, ideal for coastal cruising in the Mediterranean. Easy to handle and pleasant at sea, this Fiart 32 is perfectly suited for a family wishing to enjoy day trips and weekend cruising, or for boating enthusiasts looking for a comfortable and sociable vessel. The vessel would benefit from some cosmetic refreshment, as well as a general check of the technical systems. Engine hours: hour meter display not operational. We recommend appointing a marine surveyor to carry out a full inspection of the engines. Viewings available 7 days a week in Antibes, with the possibility of taking over the berth.
