The Boston Whaler 270 Outrage is a high-quality deep-sea fishing boat, whose 2.6 m width, transportable and versatile deck layout have made it a popular choice for anglers on the go.

Whaler has sold a lot of these boats, and the 270's impressive handling, superb finish and sleek, cutting-edge styling have combined to create a boat with lasting appeal. The Unibond hull of the 270 is unsinkable and its deep-V sailing is stable and dry even in adverse weather conditions.

Like all Boston Whaler models, the 270 Outrage comes with a wide range of standard equipment. Contoured bow seats and a folding aft seat accommodate guests and crew, and the cockpit provides a spacious platform for two fishermen and their rigging. The transom houses a lighted live tank of about 100 liters as well as a cutting board. There are three isolated storage compartments/fish tanks on deck, one forward and two aft. The console houses a bathroom compartment complete with sink and shower. At the helm, the deluxe footrest has a removable footrest. Backrest, bait preparation station. The batteries are housed in easily accessible compartments.

Navigation equipment:

Electronic engine control (manette elettronica), Display, GPS (Navionics), Joystick (con funzione skyhook e autopilota), Chartplotter
