Description

FAIRLINE TARGA 48 – 1998 – SAME OWNER FOR 25 YEARS – FULL MONACO MARINE SERVICE HISTORY

This 1998 Fairline Targa 48 is a rare opportunity to acquire a truly well-maintained and carefully owned yacht. She has been in the hands of the same owner for the past 25 years, a remarkable sign of stability and responsible ownership. Throughout this entire period, the boat has been professionally serviced at Monaco Marine and maintained by the same mechanic, ensuring continuity, traceability and high technical standards year after year.

Powered by twin Volvo Penta TAMD 430 CHF engines delivering 430 HP each, with only 1264 and 1189 engine hours respectively, she offers strong, reliable performance. These Volvo diesel engines are widely known in the marine industry for their robustness and longevity, often exceeding several thousand hours when properly maintained. At this level of usage and with such consistent servicing, they remain in an excellent operational range. The engine room is clean, organized and reflects the serious mechanical follow-up the boat has benefited from. Maneuvering is made exceptionally easy thanks to both bow thruster and stern thruster, providing precise control in marinas and tight spaces. An HFL generator with only 44 hours complements the onboard autonomy.

The navigation equipment includes a Garmin GPS plotter, Raymarine autopilot, Raymarine depth sounder, radar, VHF and full engine instrumentation, offering a reliable and practical setup for both coastal
