vismara V 62

850 000 € ALL TAX INCLUDED

Description

The Vismara 62 is built entirely of carbon and has been designed to sail by reaching a moderate inclination and then leaning on optimal shape stability and sailing as if it were on rails. The boat can quickly be transformed into a cruiser thanks to the modern telescopic keel system and a series of installable elements. Sole owner, Salinigi holds the record for the Pesaro Rovignon in the two legs, round trip in 2010.
