Description

Fiart 44 Genius, a boat that perfectly embodies the balance between marine performance and living comfort.

It stands out for its iconic convertible cockpit, an electro-hydraulic system that allows you to modify the living area in a few moments: the large table can disappear into the floor to free up space, align with the sofas to create a vast sundeck or lift up to comfortably accommodate eight people for dinner.

This flexibility makes the deck extremely livable, complemented by a safe walkway to the bow and a generous stern platform that facilitates access to the sea.

Below deck it offers three cabins and two bathrooms, with the owner's cabin in the bow equipped with large storage compartments and the two guest cabins in the stern that offer flat beds.

The central dinette is bright and integrates a well-equipped galley that makes cruising autonomy very comfortable.

It is a solid boat, with a deep V hull that faces the formed sea with confidence, it is a pure open that never goes out of fashion.
