Description

SACS REBEL 50 ON ORDER, AVAILABLE JULY 2024

Price includes VAT, with engine and excluding options.

The SACS Rebel 50 features the stylistic characteristics typical of the Sacs Tecnorib brand, while at the same time proposing an unusual project, midway between the classic Maxi Rib market and that of open boats. A transition emphasized by the tapered foam profiles and highlighted by the side glazing. Indeed, one of the main features of this boat is the presence of two side windows flush with the hard-top, defining a hybrid deck space between cockpit and saloon.

The Rebel 50's exterior space is characterized by a walkaround configuration and large, convivial spaces. The lower deck offers plenty of storage space, excellent volume and privacy.

In terms of propulsion, two Volvo Penta IPS 950s, each with 725 hp, enable the Rebel 50 to reach a top speed of 36 knots and a cruising speed of 28 knots. Enough to reach paradise in no time!

Version & Layout: 2 cabins with Master cabin forward, Cockpit with sundeck, bench seat and garage.

Options : Pack Style (full customization) - Premium interiors - Pack Cruise (bow thruster, sun awning, Inverter 2500 W, Fusion stereo) - Pack Electronics (3 GPS 16", engine data interface, Yachtsense home automation control, VHF) - Pack Visibility (deck/cockpit/cabin nightlights, underwater lighting, windshield wipers,
